

Intern

Practical Design Partners, LLC (PDP) is seeking an Intern to join our Transportation group in metro Atlanta. PDP provides transportation engineering opportunities for a variety of clients including GDOT, local governments, contractors, and developers. We have a collaborative, team-focused culture that also provides flexibility of working location and hours. We strongly believe in diversity and inclusion, so if you are looking for a healthy work environment to support your growth and development, please consider interning with us. We are looking for a candidate with strong technical and communication skills who is eager to learn and grow with PDP!

Duties/Responsibilities:

- Assist with transportation projects computations, construction plans and concept layouts
- Shadow project engineers in meetings and in daily duties
- Attend company meetings and social events when applicable
- Conduct site visits or attend client meetings with project engineers and/or project managers as needed
- Perform other duties as assigned

Qualifications

- Currently enrolled in an accredited university or college pursuing a degree in Civil Engineering OR high school work-study program
- Desire to learn about transportation engineering
- Ability to prioritize projects and tasks for proper time management
- Strong written and verbal communication skills
- Proficient at Microsoft Office products
- Work independently and with others in a team setting
